H.R.6098

IN THE SENATE OF THE UNITED STATES

July 30, 2008

Received; read twice and referred to the Committee on Homeland Security and Governmental Affairs

AN ACT

To amend the Homeland Security Act of 2002 to improve the financial assistance provided to State, local, and tribal governments for information sharing activities, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,

1 SECTION 1. SHORT TITLE.

- This Act may be cited as the "Personnel Reimburse-
- 3 ment for Intelligence Cooperation and Enhancement of
- 4 Homeland Security Act" or the "PRICE of Homeland Se-
- 5 curity Act".

6 SEC. 2. FINDINGS.

- 7 The Congress finds as follows:
- 8 (1) After the terrorist attacks on September 11,
- 9 2001, State, local, and tribal governments redoubled
- their efforts to combat terrorism and expended tre-
- mendous energy and financial resources to help the
- 12 Federal Government fight the terrorist threat.
- 13 (2) States and localities have formed fusion
- centers, hired intelligence analysts, and contributed
- a significant amount of resources to the expansion
- of Federal homeland security efforts.
- 17 (3) These actions, in conjunction with the ef-
- forts of the Federal Government and private indus-
- try, have materially contributed to the common de-
- fense of this Nation and have helped keep our home-
- 21 land secure.
- 22 (4) The National Strategy for Information
- Sharing issued by the President in October 2007
- plainly states that "The Federal Government may
- 25 need to provide financial and technical assistance, as
- well as human resource support, to these fusion cen-

- ters if they are to achieve and sustain a baseline level of capability. The objective is to assist State and local governments in the establishment and the sustained operation of these fusion centers. A sustained Federal partnership with State and major urban area fusion centers is critical to the safety of our Nation, and therefore a national priority.".
- 8 (5) The Federal Government has endeavored to 9 support these State efforts through the State Home-10 land Security Grant Program and other methods of 11 Federal assistance but have placed restrictions on 12 the use of these funds that make long-term planning 13 for fusion centers unmanageable.
- 14 (6) It is vital to the security of our homeland 15 that States and localities are able to continue to re-16 ceive funding for the participation of State and local 17 analysts in fusion centers and in their State and 18 local efforts to combat terrorism and terrorist-re-19 lated activities.
